Subject: Peter: Question about a document you have flagged as Withhold In Entirety (FOIA ...002291)
Email Final list of participants Vol. 112.pdf
ED 001592 00000039 IARC Participant List.doc

The email you have marked as responsive, release w/ redactions, but you have the participant list marked as Withhold in Entirety because of Personal Privacy—wonder why since I can redact personal email address and I didn't see anything else that may have been personal enough to withhold it. Please let me know. Thank you.
